

KEMPER COUNTY CELL TOWER REQUIREMENTS

Kemper County has no local building code requirements other than for their flood plain and Air Installation Compatible Use Zone (AICUZ) ordinances. Before upgrade or replacement of existing towers or construction of new towers, a permit must be issued by the county. For evaluation of any proposed construction, information will be forwarded to the Kemper County engineer for review and processing as follows:

APPLICANT INFORMATION

1. Name _____
2. Address _____

3. Agent for Applicant (If any) _____
4. Address for Agent _____
(If different than that for applicant) _____
5. Telephone Number _____
6. E-mail Address _____

TOWER INFORMATION

1. Latitude _____
2. Longitude _____
3. Address of Tower _____
4. Ground Elevation (MSL) _____
5. Antenna Height (AGL) _____
6. Antenna Make & Model _____
7. Antenna dB Gain _____
7. Frequencies _____
8. FAA Approval Letter _____
